

DISCOVER

Essentials of Business
Automation

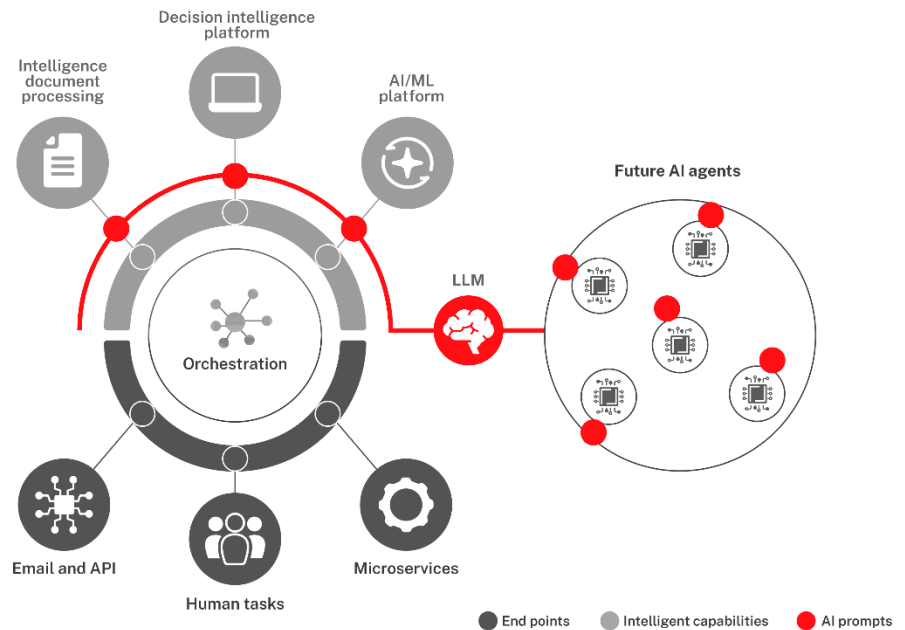

- ✓ **No-Code**
- ✓ **AI-Driven**
- ✓ **Future-Ready**

At Coopera, we bring the power of Business
Orchestration and Automation Technology (BOAT) to
simplify, secure, and future-proof enterprise operations.

At **Coopera**, automation is redefined through a **true no-code, AI-driven platform** that empowers business users to design, deploy, and optimize workflows with ease.

- **Visual Design & Deployment:**
Drag-and-drop simplicity and BPMN-standard modeling allow processes to be created without technical barriers.
- **Unified Orchestration:**
Tasks, decisions, and documents are connected seamlessly through real-time process orchestration.
- **Intelligent Automation:**
Predictive intelligence and advanced content lifecycle management ensure workflows are smart, scalable, and adaptive.

Using a visual BPMN 2.0-compliant interface, Coopera can model and orchestrate complex approval workflows, eliminate manual intervention, and enforce governance logic through automated transitions, roles, and business rules.

Core capabilities of this module include:

Visual Workflow Design

Flexible Approvals

Lifecycle Management

Human + System Tasks

SLA & Escalations

No-Code Simplicity

External Integrations

Audit & Compliance

Trusted, Secure, Global and Future Proof Automation

The future of automation is about **sustainability and adaptability**. That's why our platform is branded as **BOAT – Business Orchestration and Automation Technology**.

Trusted Tech Company

Security and compliance are at the heart of our platform:

- Enterprise-grade encryption
- Role-based access controls
- Embedded compliance across every process

This ensures every workflow is safe, controlled, and aligned with global standards.

Worldwide Collaboration

Through **RNTrust's Strategic Synergy Group**, we bring together expertise in:

- **Digital Transformation**
- **Cryptographic Cyber Security**
- **Time Solutions**

This synergy creates a unified ecosystem, driving global innovation and secure collaboration.

Trusted Automation Partner

Trust is the cornerstone of our promise. We deliver no-code process orchestration that ensures:

- **Operational efficiency**
- **Strong governance**
- **Intuitive workflow management**

Our clients build and manage complex workflows with confidence, knowing they have a partner for long-term success.

Future Proof Automation

With BOAT, organizations achieve:

- Sustainable innovation
- Long-term scalability
- Resilient digital ecosystems

At **Coopera and RNTrust**, we believe automation is more than just technology — it's about enabling organizations to work smarter, faster, and more securely.
